## **Rules and Regulations for Theobalds Green Woodland Ashes Area at Theobalds Green, Heathfield TN21 8BT**

The Woodland Burial area is managed for the benefit of wildlife and will therefore not resemble a traditional cemetery. The area for Woodland Burials will not be mowed in the manner that the rest of the burial ground is and maintenance will be appropriate to the needs of the trees, shrubs and flowers as they develop. Horticultural chemicals will only be used in exceptional circumstances – for example to spot treat noxious weeds.

As a natural environment is being provided in order to encourage wildlife to thrive, memorials will not be permitted in this area. The flora and fauna will be a living memorial for everyone to enjoy.

The Parish Council also operates a traditional burial ground at Theobalds Green which may be more suited to you if you prefer a more traditional burial ground with a memorial headstone. If you are unsure and wish to discuss the options further, please contact the office on 01435 865700.

### **Rules of the Natural Burial Area**

1. Reservations are accepted from both Parishioner and Non-Parishioners for which application forms are available. Please note that the actual plots will only be allocated at the time of need to ensure that damage is not caused to maturing trees when the plot is dug. The eligibility for parishioner rates for those now living outside the parish will be 5 years.
2. **Burial Fees** – these are reviewed annually and any increases will be introduced on 1<sup>st</sup> January.
3. An **Exclusive Right of Burial (EROB)** will be issued to the grave owner after the first interment.

Any change of address of the EORB owner must be conveyed to the Parish Council in order that up to date records are maintained and so that the grave owners can be contacted as and when required. No responsibility can be accepted for information which does not reach a grave owner if the Parish Council has not been informed about a change of address

Any transfer of ownership of the EROB will be subject to the production of satisfactory evidence of title and the approval of the Council. Such transfer must be registered in the records of the Council and may be subject to a transfer fee.

4. All ashes plots will be dug to allow two caskets of ashes.
5. The adjacent trees and shrubs are the living memorials and no other forms of memorial will be allowed. Whilst flowers and other tributes are permitted at the time of interment, in order to preserve the natural environment, please ensure these are removed after two weeks.
6. Only biodegradable caskets may be used, a list of permitted materials is available from the Parish Council.
7. As stated in the introduction, the Woodland Burial area will not be maintained in the same way as the traditional burial ground. Ashes plots must not be interfered with by cutting or mowing by anyone other than authorised personnel. These conditions must be adhered to as families have chosen the woodland burial ground for its natural beauty.
