No responsibility can be accepted for information which does not reach a grave owner if the Parish Council has not been informed about a change of address.

Any transfer of ownership of the EROB will be subject to the production of satisfactory evidence of title and the approval of the Council. Such transfer must be registered in the records of the Council and may be subject to a transfer fee.

- c. An Exclusive Right of Burial is granted for a period not exceeding 75 years. No interment shall take place and no memorial shall be placed in the Burial Grounds and no additional inscription be made on memorials without the prior consent of the Council and the signed agreement of all the owners of the EROB and all relevant fees being paid to the Parish Council.

MEMORIALS

All memorial installations must be constructed and installed with the current National Association of Memorial Masons (NAMM) or British Register of Accredited Memorial Masons (BRAMM) recommendations. NAMM and BRAMM registered memorial masons have adopted The British Standard 8415 (BS8415) which sets out the minimum lengths of anchoring which are needed to ensure memorial safety so that there is no danger of the memorials toppling over. Memorials should be erected and fixed within these guidelines laid down by the Burial Authority **AND IT RESERVES THE RIGHT** to recall stonemasons should there be any problems with memorials, any resultant costs being recharged to the owner. **It should also be noted that the Parish Council are not responsible for any damage to headstones.**

Memorials may be erected where an **Exclusive Right of Burial** has been granted. Prior to installing a headstone all relevant fees and written approval from the Parish Council needs to be obtained. When the installation of the headstone has been completed the Stonemasons are asked to sign and return the notification of memorial erection form.

It is the responsibility of the plot owner to ensure that any memorial is safe and secure and where necessary should undertake any repairs using **NAMM** or **BRAMM** registered stonemasons. Plot owners should contact the Parish Council to inform them that work is going to be carried out and to notify them of any removal of headstone from the Burial Ground. If the Parish Council write to the plot owner requesting that work be undertaken as

the memorial is unsafe, the plot owner should arrange for work to be done at their own cost and as soon as possible.

Memorials may be erected where an **Exclusive Right of Burial** has been granted.

The types of memorial permitted are:-

A HEADSTONE, TABLET OR BOOK in natural unpolished stone (**no marble or granite allowed**) having a base not exceeding 30" wide x 12" deep and not exceeding 36" in height with inscription thereon. A vase may be included as an integral part of a memorial.

AND/OR

A VASE is obtainable from the Parish Council and a charge will be made for this.

Other types of memorials are only permitted at the discretion of the Burial Authority

Additional inscriptions are permitted for an additional fee

Any inscription referring to a person buried elsewhere should state the place of burial of that person.

No memorials may be erected within **6 months** of interment - including a subsequent interment. The Burial Authority reserves the right to alter this period should the need arise. The time and date for fitting of memorials must be arranged with the Burial Authority in order that the position for fitting may be marked.

The Parish Council have a health and safety duty to all users of the Burial Grounds to ensure that memorials are not dangerous and headstones are inspected every three months. Any headstone which is identified as unsafe the owner of the plot will be contacted and asked to carry out the work by a NAMM or BRAMM registered stonemason within a specific timescale. The Parish Council are not responsible for repairing headstones if they become damaged or are vandalised (unless the damage is caused by somebody employed by the Council e.g grass cutting).

An insurance policy can be taken out when purchasing a headstone to cover against damage and vandalism. Memorial masons should be able to advise on these.
