

## SKILLS AUDIT – NOMINEES FOR CO-OPTION

The purpose of this form is to bring awareness of the skills and qualifications that co-option nominees have which may benefit the Council, now or in the future. It may also help to fill any existing “skills gaps” during the co-option process.

Please be aware that the information you provide will be shared with other Members and staff.

When completing the form, please include life-skills and interests/hobbies – for example, you may not have formal qualifications but have a life-time of dealing with children or young people, or you may have a network of contacts which could prove invaluable in some aspect of the Council’s activities.

Please also include details of any specific training you have taken in relation to Parish Council duties and responsibilities – for example, courses run by SSALC for new councillors.
