CEDAR COTTAGE, NURSERY LANE, BLACKBOYS, TN22 4EU - Part two-storey, part single-storey front extension together with two new dormer windows to rear elevation and new window to side elevation at first floor level

OBSERVATIONS: *The committee members objected to this application on the grounds that the design and appearance is out of keeping for the area and it is excessive in scale. There is excessive glazing in the design that raises concerns over light pollution. Due to the increased roof area concerns were raised over increased rain and surface water discharge. The lack of information in the application form does not explain how the flood risks would be addressed as well as general lack of information.*

The design and appearance are out of keeping for the area and contradicts the High Weald Design Guide. It also contravenes the NPPF para 80. The development is an incursion into the Ancient Woodland which would have a negative impact.
