

## **Risk Management Policy Statement**

Heathfield and Waldron Parish Council is aware that some risks cannot be eliminated fully and has in place a strategy that provides a structured, systematic and focused approach to managing risk. Risk will always exist and can never be wholly eliminated. It has in place

The Council recognises that it has a responsibility to manage various risks and associated hazards and support a structured and focused approach to managing them by means of an approved risk management strategy. It needs to take all reasonable and practical measures to safeguard its employees, assets, liabilities, the people it works with and provides services for, and to protect the natural and built environments for which it is responsible. By doing this it will protect against potential losses, minimize uncertainty in achieving its aims and objectives and will maximise the opportunities to achieve its vision.

- Inform policy and operational decisions by identifying risks and their likely impact
- Prevent injury, damage and other losses and reduce the cost of risk
- Raise awareness of the need for risk management by all those connected with the delivery of the Council's services

These objectives will be achieved by:

- Ensuring that all involved receive proper training in the understanding and delivery of risk management
- Identifying risk and providing resources to identified priority risk areas
- Undertaking risk assessments

- Establishing and continuing appropriate and effective monitoring arrangements on an on-going basis
- Ensuring that all Committees of the Council approve a risk list covering their areas of activity which is reviewed annually and updated as necessary
- Ensuring that all Committees of the Council consider risk management as an integral part of their decision-making processes
